Laurie Ann: Helping others feel good

Laurie Ann volunteers every Tuesday and Thursday to assist laundry staff to fold linen. She has been living and working at Bonny Lear Farm since 2014, residing at Gibson House. She is a kind and gentle person who makes everyone feel good just being in her company. She likes to use her i-pad, draw, color and do crafts in her leisure time. She likes to swim, go on outings and has successfully 'finished the race' with Team Bonny Lea at the Bluenose Marathon 5K walk.

At Day Program, Laurie Ann has worked in a number of our vocational programs

including the Greenhouse, Cafeteria and Small Contracts.

She has learned how to 'Skype' and uses this to keep in touch with her mother who works in Thailand. She enjoys spending time with her father and step mother. She has great relationships with all her family and her boyfriend Ronnie.

Strengths:

- A great person who cares about others, willing to help others; sensitive and kind; a positive influence to others.
- Express herself well – able to express likes/dislikes; establishes personal boundaries.
- Takes her work responsibilities seriously.
- Able to set goals for herself and achieve them with support.
- Able to handle changes well.

A big thank you to Laurie Ann for all her hard work, it is greatly appreciated.

My name is Angela Cain

I would like to introduce myself as I am a new addition to Shoreham Village's care team. My name is Angela Cain and I'm from a small rural community in Newfoundland. I began my career in Nursing in 2006 when I graduated from Memorial University in St. John's Newfoundland.

Prior to coming to Shoreham I worked in a Long Term Care facility in the Halifax

area for approximately a 4 year period. However throughout my career I have had the pleasure to gain experience in a variety of settings such as Acute care at the Halifax Infirmary and Victoria General, and Community care with VON Canada.

Currently at Shoreham, I have taken a Nursing Services Manager role. Essentially this requires me to be an active participant and leader in assisting with management in overall resident care. I pride myself on stating that I have an open door policy, so please at any time feel free to come and meet me, and direct any concerns, questions, or comments in my direction.

I feel privileged to have been given the opportunity in joining this facility as the resident, family and sense of community are at the forefront.

*Regards,
Angela Cain*

HIGH FIVES!

Compliments for a job well done.

Thank you for stepping up and demonstrating great teamwork, helping to lighten the load of colleagues and going above and beyond in caring for our residents.

Notes to Families!

A reminder:

Families are reminded to assist their loved ones with spring cleaning of their rooms to declutter and sort clothing.

This is a time to also take stock of items that their loved one may be getting low on.

Resident Items:

As the weather begins to warm up, you are reminded to bring in sunscreen, a sunhat and sunglasses for the residents as many are going out on the deck more frequently.

If you bring in sunscreen for your loved one, please pass it on to the care staff to be labelled and stored.

Places to Go:

There are many areas families can visit with their loved ones during the summer. The Lions Park which has a gazebo, the main deck that has an awning, an area off each wing, the OT room and family room.

Join Us:

We welcome families to join in any programs with their loved ones. The OT room is available to book if families would like to arrange a party/meal for their loved ones.

We are recruiting for volunteers who would be interested in volunteering in the following programs:

- 1-1: Friendly visits/ walks
- Resident bus outings
- Hand wax
- Store volunteers

If you are interested please contact a recreation staff member.

Education Update:

This year, the education plan will focus on providing all staff training on Person Centred Care.

The program is a model or philosophy of care that recognizes individuals have unique values, personal history and personality and that each person has an equal right to dignity, respect, and to participate fully in their environment.

The education was developed in collaboration between Northwood, Saint Elizabeth Health Care and the Alzheimer's Society of Canada.

This education will begin to address areas identified for improvement in our resident and family survey including staff attentiveness and responsiveness and families need for better communication and involvement.

Point Click Care

Shoreham has implemented an electronic charting system, Point Click Care. The system improves documentation and communication for staff. It also improves privacy and provides access to comprehensive assessment tools and greater accessibility to information for the entire interdisciplinary team.

Plans are to have care plans and daily activities available electronically for CCA staff on the wings by the end of the year.

Best of Luck!

Linda Bell, Manager of Recreation and Volunteer Services will be retiring on July 6th.

Linda has provided 39 years of service to the residents and staff of Shoreham Village and will be greatly missed. We wish her the best of luck in her retirement."
