

OUR VISION

A leader in excellence and innovation in Long Term Care.

OUR MISSION

To provide a high quality living experience for those who call Shoreham home.

Shoreham

VILLAGE

NEWSLETTER

VALUES

INTEGRITY

Being honest, ethical, respectful, open and transparent.

QUALITY

Ensuring a high quality, safe and caring environment within our resources.

TEAMWORK

Working together efficiently, effectively and respectfully to achieve shared goals.

JOY & FUN

Creating a comfortable, enjoyable home where residents and their families are the focus and staff and volunteers are recognized and valued.

We are pleased to report that our cyber security experts have completed their analysis. They have reviewed 100% of our data and found no evidence that personal or health information had been accessed from our system. We will begin informing our clients of the fantastic news over the next few weeks.

Year-end processing and T4 preparation is underway. Work has also begun to reconcile banks (i.e. vacation). Work is underway to complete retroactive payments for appropriate union groups.

Please resume your normal process regarding payroll inquiries. Please contact staffing in Long Term, Accounting, and in Homecare or your supervisor in other programs to discuss payroll concerns.

We are getting very close. The dedication of our teams across the organization to restore systems and to maintain services for our clients in very difficult conditions is absolutely amazing.

Thank you everyone!

Christine Denise Schnare
February 21, 1964 - January 11, 2020

This past January, we were saddened to hear of the passing of our long time co-worker and beloved friend, Christine Schnare.

Christine had been with Shoreham Village for 25 years, working with our residents in the Food Services Department. Many of us that worked with Christine remember her as a beautiful person. She had a contagious laugh that could be heard throughout the halls. When she smiled, it gleamed from ear to ear; and her hugs were simply the best.

Christine had a way of showing her love and celebrating life through time with family and friends. She was so proud of her family; always telling new stories of her nieces and nephews. She cherished her close relationship with her mom, Olga. She would always share the good times they had together. And for her friends, they meant the world to her, and she meant the world to them!

Christine's light will continue to shine here at Shoreham. Her smile, laughter, stories and hugs will be missed. To us, Christine will always be a reminder to appreciate each day and to have fun. As she had once quoted "Live life to the fullest, smile it doesn't cost a thing".

Resident Privacy Locks

In an effort to improve the privacy and quality of life for residents, we are able to offer an option to residents who have capacity and the ability to self-mobilize.

The maintenance department now has the ability to install a privacy lock on a resident's room door who meets safety assessment criteria. There is an initial cost for the installation of the privacy lock and it must be provided by Shoreham Village to ensure it meets safety standards and requirements.

Should the persons physical or cognitive condition decline the locks must be removed to ensure resident safety. Please contact Managers of Nursing Services Kim Croft, Angela Cain or the Manager of Support Services Gaye Ernst for further information.

New Entrance

The new entrance has added a more accessible and welcoming environment to Shoreham Village. The sliding doors have been programmed so that only the internal or external door will open at a time. This delay allows for heat to remain in the building. The delayed opening is added safety for residents who may wander. Please follow the instructions posted at the door. It is important for visitors to let staff know before assisting a resident they do not know to exit the building to ensure resident safety. The doors are also equipped with a roam alert system which prevents the doors from opening if a resident at risk is close to the doors. Please contact staff if you are unable to exit or use the emergency button on the exterior to alert staff if you cannot enter the facility.

New Televisions

As you may have noticed, we have two new televisions in our main lounge and E wing. They were gifts from the Shoreham Village Foundation and the Northwood Foundation for Christmas and are for all of our residents to enjoy!

Shoreham Village is governed by a volunteer Board of Directors.

C WING OPEN DOORS

Over the past year we have noted a change in the needs of residents residing on C Wing. Shoreham Village's C Wing was secured to support residents who were exit seeking and not able to safely live within the general population. We no longer have the number of residents requiring this secured environment and therefore have removed the electronic locking system. We will continue to keep the doors closed as we assess the impact of unlocking them on the residents residing on C wing. Initial reports show that many people residing on C Wing are happy to have the ability to independently access the common areas of the facility. This change also increases the safety for all residents living and staff working on C wing by opening access to the full facility and immediate response from nearby staff in emergency situations. If you have any questions please contact the Managers of Nursing Services.

MEMO:

To: All Family Members
Shellfish and other allergies

This is a reminder to advise staff before bringing any shellfish into the facility. There are people living and working in Shoreham who have severe allergies to shellfish.

Staff will be able to make arrangement to assist in providing an area in the facility where a resident or residents can enjoy shellfish safely. Please contact Melissa Houghton, Manager of Nutrition Services, any member of the management team or the charge staff to make special arrangements prior to bringing shellfish into the facility.
