

SHOREHAM VILLAGE UPDATE - AUGUST 19, 2020

VISITS

Our outdoor visits continue, providing the ability to offer over 45 visits each week. Our Recreation staff and added Long Term Care Assistants continue to work within the Public Health directives to maintain resident safety while creating the most comfortable environment possible.

We are now offering indoor visits and we will be able to accommodate at least 30 indoor visits per week. We will maintain pre-screening and visitors will be escorted to their visit. Residents or their SDM will designate three individuals to be permitted to visit indoors.

Visitors for both indoor and outdoor visits will continue to be screened prior to the visit and at arrival. Masks are required for both indoor and outdoor visits. We are pleased to inform you that a brief physical contact is now permitted while wearing masks and completing hand hygiene. We know people have been longing for that physical contact!

Children can attend outdoor visits if able to remain seated for the 45 min visitation. If the child cannot remain seated for the duration of the visit, the parent/guardian/child will unfortunately be asked to leave the area for safety reasons.

Please call 902-275-5631 ext. 235 to book your indoor and outdoor family visits. Indoor and outdoor visits remain weekly with a duration of 45 minutes per visit.
