- Residents can only leave the facility to :
 - Go on a non-stop drive where they remain in the vehicle.
 - Stops at drive-throughs are not permitted
 - One resident may be taken out in a vehicle at a time
 - Both Designated Caregivers may be present
 - Shoreham Main Entrance is to be used for pick up

Active Screening

- You will be actively screened for symptoms of COVID-19 before leaving the facility at pick up.
- You may go to the wing to help your loved one get ready and then accompany them to the vehicle.

Universal Masking

- MUST wear a medical grade mask appropriately (covering nose and mouth)
- Masks must be discarded when wet/soiled and a new one applied
- Wash your hands before and after removing your mask.

Hand Hygiene

- You MUST practice proper hand hygiene:
- Where/How?
 - With soap and water.
 - With alcohol based hand sanitizer.
 - For a minimum of 20 seconds ensuring all areas of hands/wrists are washed.
- Do not touch your eyes, nose or mouth without proper hand hygiene before and after.

Transportation

- Private vehicles transporting residents must have been cleaned/sanitized prior to pick up.
- Residents are required to wear masks when being transported in private vehicles (e.g. family cars).
- Designated Care Persons transporting residents to and from their destination must wear a mask.
- The driver and passengers must sit as far apart as possible.

Should you become ill before your scheduled visit, the visit will need to be postponed. If you develop symptoms within 2 weeks after your visit, please contact 811 and let us know as a precaution.
